**Sunday AM**  
Pastor Joseph preached "He Keepeth All His Bones" from Psalm 34: 20 & 139: 15-18. This was Sanctity of Human Life Sunday. See front cover for more...

**Sunday PM**  
Pastor Joseph preached "Lost" from Isaiah 1:18 & Matthew 18:10-14. The Lord is willing to reason with lost humanity. One example is Isaiah 1:18 in which God says, "Come now, let us reason together...." Another example is when Jesus appealed to the common sense of His hearers by asking, "How think ye?" (or in other words, "What do you think?"). Nevertheless, bear in mind when you begin to reason with God that His way is always right. If anyone needs to change their views, it will be you, not God. People will tell you wrong. Your own ideas will be wrong. Yet we must obey God even if it doesn't make sense to us. "For my thoughts are not your thoughts, neither are your ways my ways, saith the LORD" (Isaiah 55:8). We will go astray if we listen to our upside-down thinking. We must lay aside our way of thinking or what people tell us and listen to God. We must live right even when the pastor is out of town. The most precious thing in the entire world is a faithful saint of God. Be faithful in every aspect of holy living; prayer, church attendance, study, and witnessing. What are we doing to reach lost souls? We need to go out of our way to see a lost soul saved. Our witness must be both silent and spoken. "Silent" in living, dressing, and talking right. "Spoken" by telling others aloud. We must be about our Father's business.

**Wednesday**  
Elder Les Benedum preached "Leaving Egypt" from Exodus 12:29-36. We must stand on the promises of God, even whenever it seems our prayer isn't being answered and we question "Why?" We serve a faithful God who is always on time. God's people are leaving Egypt. Let us be ready at all times.

A young woman got lost driving in a snowstorm. A snowplow passed, so she started following it. After 30 minutes, the plow stopped, and the driver asked what she was doing. "My father always told me that if I got lost in a snowstorm, I should follow a plow," the woman said. "Oh," the driver replied. "Well, I'm almost done with this parking lot. If you want, you can follow me over to the next one."

### Sanctity of Human Life Sunday Report & Pro-Life Update

**At CAC:** Our church is signed onto (and sponsoring) Pro-Life ads in both local newspapers and in our capital city's newspaper. More details to follow. Last Sunday was Sanctity of Human Life Day. Since our pastor has preached the Pro-Life message many different ways, one might think there is no angle that has not been covered, yet Pastor Joseph taught a Pro-Life message based on ... human bones! Yes, bones! The Bible not only reveals that God's blessing of life be held sacrosanct, but also reveals that even the human remains after life has departed (bones) are also worthy of honor and dignity, simply because of the life they once held and supported as a vessel. The Bible has several very interesting verses regarding human bones, including some doctrinal points that should predispose Christians to eschew cremation. The fact that Jesus, as a human male, was conceived in a human womb and had "normal" human flesh and bones means we are related to him biologically (even genetically, since half his DNA came from Mary), and this makes Him a savior and high priest to whom we can relate. Regarding His bones, the Bible prophesied that during His crucifixion none of them would be broken. Yet today, millions of preborn babies have their little bones broken as they are killed (without anesthesia) and ripped to pieces in cruel abortions. They can and do feel terrible, excruciating pain as this happens. It is wrong, and new legislation slated for proposal on Jan. 22 in both DC and Charleston aims to put a stop to it! More on this later! Mankind was wonderfully made by God, created in God's own image. Thus, human life is sacred, and worthy to be treated with dignity and respect. Abortion is wrong; it is a work of iniquity.

**UPDATE: Thursday, Jan. 22, 2015, Washington, DC:** The US House approved legislation that will put in place a complete ban on taxpayer funding of abortions that ensures abortions are not directly funded in any federal governmental program or department. The legislation combines several policies that must be enacted every year in Congressional battles and puts them into law where they will not be in jeopardy of being overturned every time Congress changes hands from pro-life lawmakers to those who support abortions. The House voted 242-179 for the bill with 239 Republicans and three Democrats voting to ban taxpayer funding of abortions under HR7 while 178 Democrats and one Republican voted against it." "He hath shewed thee, O man, what is good; and what doth the Lord require of thee, but to do justly, and to love mercy, and to walk humbly with thy God? (Micah 6:8).

A young woman got lost driving in a snowstorm. A snowplow passed, so she started following it. After 30 minutes, the plow stopped, and the driver asked what she was doing. "My father always told me that if I got lost in a snowstorm, I should follow a plow," the woman said. "Oh," the driver replied. "Well, I'm almost done with this parking lot. If you want, you can follow me over to the next one."

### Sanctity of Human Life Sunday Report & Pro-Life Update

**At CAC:** Our church is signed onto (and sponsoring) Pro-Life ads in both local newspapers and in our capital city's newspaper. More details to follow. Last Sunday was Sanctity of Human Life Day. Since our pastor has preached the Pro-Life message many different ways, one might think there is no angle that has not been covered, yet Pastor Joseph taught a Pro-Life message based on ... human bones! Yes, bones! The Bible not only reveals that God's blessing of life be held sacrosanct, but also reveals that even the human remains after life has departed (bones) are also worthy of honor and dignity, simply because of the life they once held and supported as a vessel. The Bible has several very interesting verses regarding human bones, including some doctrinal points that should predispose Christians to eschew cremation. The fact that Jesus, as a human male, was conceived in a human womb and had "normal" human flesh and bones means we are related to him biologically (even genetically, since half his DNA came from Mary), and this makes Him a savior and high priest to whom we can relate. Regarding His bones, the Bible prophesied that during His crucifixion none of them would be broken. Yet today, millions of preborn babies have their little bones broken as they are killed (without anesthesia) and ripped to pieces in cruel abortions. They can and do feel terrible, excruciating pain as this happens. It is wrong, and new legislation slated for proposal on Jan. 22 in both DC and Charleston aims to put a stop to it! More on this later! Mankind was wonderfully made by God, created in God's own image. Thus, human life is sacred, and worthy to be treated with dignity and respect. Abortion is wrong; it is a work of iniquity.

**UPDATE: Thursday, Jan. 22, 2015, Washington, DC:** The US House approved legislation that will put in place a complete ban on taxpayer funding of abortions that ensures abortions are not directly funded in any federal governmental program or department. The legislation combines several policies that must be enacted every year in Congressional battles and puts them into law where they will not be in jeopardy of being overturned every time Congress changes hands from pro-life lawmakers to those who support abortions. The House voted 242-179 for the bill with 239 Republicans and three Democrats voting to ban taxpayer funding of abortions under HR7 while 178 Democrats and one Republican voted against it."
